

you enriched and livelihood you protected, I thank and wish you a happy retirement as you transition into your next chapter in life.

KATHRYN ELLIOT WILLIAMS

HON. MARTHA ROBY

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 8, 2012

Mrs. ROBY. Mr. Speaker, the strength of a community is derived from leaders who contribute selfless gifts in an effort to benefit others. Service, grace, and support are namely a few of the many gifts and talents one can offer. Those who build on a foundation of service are truly the most valuable and remarkable individuals within our communities.

Kathryn Elliot Williams, my dear childhood friend, was a true servant of her community. All of those who knew Elliot were familiar with her giving nature. From a very young age, Elliot displayed a magnificent sense of eagerness to assist those around her. Described by others as "an inspiration to all," she set forth on a path to enrich others through her talents and gifts. However, a few weeks ago, Elliot lost a courageous battle with ovarian cancer.

She traveled an honorable journey for 36 years. In that time, she touched many lives through teaching, encouraging and serving. Her students, friends, neighbors and members of her church were those who benefited most. Their words describe Elliot the best:

"We honor her as a friend, wife, mother and professional and mostly a leader of Christianity."

"What a wonderful and brave woman,"

"There are so many amazing and wonderful things she accomplished for others,"

"Elliot never wavered when presented with obstacles,"

"A beautiful, kind person, she was truly an amazing woman,"

"Delightful even in the face of adversity,"

"She was honest, earnest and a true friend."

Elliot, a leader in her community and her home, stood as an example for all of those she encountered. Her actions resemble a challenge for each one of us to discover our God-given gifts and share them with everyone around us.

Elliot's husband, son and daughter, and her parents will memorialize a loving wife, mother, and daughter who shared her talents with the world. Elliot's community will remember a gentle and compassionate leader dedicated to the goodwill of others.

I honor Elliot for her ability to provide light, hope, and grace to those surrounding her. She was a community servant who rose to the challenge, lent support, and encouraged others. I thank her for her friendship and I know her life has shepherded future leaders to follow her Christ-centered example of service and goodwill.

HONORING DR. RON L. HOPPING

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, June 8, 2012

Mr. OLSON. Mr. Speaker, I rise today to recognize and congratulate Dr. Ron L. Hop-

ping of Clear Lake, Texas. At the end of this month, Dr. Hopping will be installed as 91st President of the American Optometric Association (AOA) during their 115th annual meeting in Chicago, Illinois. This is a prestigious and well-deserved title for a man of great determination and success in his career of Optometry.

Dr. Hopping earned his Bachelor's degree from Southern California College of Optometry and completed his Master's degree in Public Health from the University of Texas in 1982. He is also the recipient of the President's Award for Outstanding Service from ten different state presidents and earned the distinction of Texas Optometrist of the Year in 2002. Dr. Hopping also received the Outstanding Faculty Award at the University of Houston, College of Optometry.

Among his many impressive accolades, Dr. Hopping is a Fellow of the American Academy of Optometry, as well as a Diplomate in Cornea and Contact Lenses. Dr. Hopping has also earned the title of Distinguished Practitioner by the National Academies of Practice in Optometry.

Dr. Hopping held several positions and served on numerous boards, including the American Optometric Association Board of Trustees. He served as a full-time faculty member with the rank of Assistant Professor at the University of Houston, College of Optometry and President of the Texas Optometric Association in 1996. Dr. Hopping also served as chair of the AOA Information and Member Services Group, and on the AOA Communications Group Advisory Committee.

Currently, Dr. Hopping is a member of the AOA Executive, Investment, Agenda and Personnel Committees. His board liaison assignments include the Meetings Center and affiliate associations in Alaska, California, Hawaii, Nevada, and Oregon. Dr. Hopping is also the liaison for the Armed Forces Optometric Society, Southern California College of Optometry and Western University of Health Science College of Optometry.

Dr. Ron L. Hopping distinguishes himself through his many contributions to his profession. His previous achievements and dedication provide the foundation for what I predict will be an extremely successful term as President of the American Optometric Association. It's a privilege to extend a heartfelt congratulation to the 91st President of the American Optometric Association, Dr. Ron L. Hopping. Thank you for enriching the lives of many through your work.

IN RECOGNITION OF THE 300TH
ANNIVERSARY OF CHATHAM

HON. WILLIAM R. KEATING

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Friday, June 8, 2012

Mr. KEATING. Mr. Speaker, I rise today to celebrate the 300th anniversary of the founding of Chatham, Massachusetts, a small, quaint town that has long been synonymous with the beauty of Cape Cod.

In 1606, Samuel de Champlain was the first European to traverse the area now known as Chatham. At the time of Champlain's arrival and until William Nickerson purchased land in 1656, the area was inhabited by the

Monomoyick people. In 1664, William Nickerson settled his family in the area and eventually founded the town forty-eight years later on June 11, 1712.

The first 100 years of Chatham's recorded history indicate a struggle to establish a stable population and economy. The French and Indian Wars and the smallpox epidemic of 1760 claimed lives and money from the residents of the new town. After the Revolutionary War, however, fishing exports, whaling, ship building and salt production flourished, fueling the growth of the local economy.

By the late 1800's, the town began to benefit from the growing popularity of seaside vacationing. Wealthy vacationers and summer residents provided the basis for the new economic growth, and the popularity of this seaside haven among vacationers continued to expand throughout the 20th century. By 1950, the summer population of 5,000 greatly outnumbered 2,457 year-round residents.

Present day Chatham has continued its expansion and popularity. The small-town charm and pristine coastline have kept generations of vacationers and summer residents coming back each year.

Mr. Speaker, please join me in celebrating the 300th anniversary of Chatham, Massachusetts. May this beautiful Massachusetts town flourish for many years to come.

ENERGY AND WATER DEVELOPMENT
AND RELATED AGENCIES
APPROPRIATIONS ACT, 2013

SPEECH OF

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 31, 2012

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 5325) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2013, and for other purposes:

Mr. VAN HOLLEN. Mr. Chair, at its best, the Energy and Water Appropriations bill sets forth a forward-looking agenda for our national investment in ports and waterways, clean energy development, environmental reclamation, scientific innovation, the responsible management of our nuclear weapons stockpile and our ongoing commitment to nuclear non-proliferation. Unfortunately, in too many places, H.R. 5325 falls short of that forward-looking agenda.

As Ranking Member of the Budget Committee, I fully understand the need to cut federal spending. Indeed, I supported last year's Budget Control Act, which cut about \$1 trillion in federal spending over the next ten years. However, we also need to compete in clean energy, science, innovation and advanced manufacturing—and that is where this legislation misses the mark.

For example, this legislation cuts funding for clean energy and energy efficiency by \$374 million below FY 2012 and \$886 million below the President's request. The budget for the Department of Energy's Office of Science is cut \$64 million below current levels and \$167 million below the President's request. And the Advanced Research Projects Agency, or
